COVID-19 Vaccine Clinic Discussion:

Ron stated that people are asking for clinics. Ron feels we need to have a clinic here. Judy stated that she has started a list when residents call for a clinic and sends her list to COA. The board explained that they would like to have a clinic for the 75 and older group. Ron stated how difficult the State web site was to use. Cheryl would like to have a clinic for 75 and older but there is no vaccine. Cheryl stated the MCVP Agreement is completed and it was reviewed by the town medical director. Cheryl stated the State does not have any vaccine. Cheryl feels Johnson and Johnson once approved will be a good option for seniors as it is one and done. Cheryl said Worcester turned quite a few people away that from the clinic as they did not meet the criteria. The Upton location that Cheryl is involved with is run very smoothly and it is 100 doses. The nurse in Upton takes care of the prep-mod computer entry portion of the clinic. Cheryl can't do the prepmo piece of the clinic and run the clinic. Ron asked what is needed for equipment for a clinic. Two computers and a printer. Must Register first. Cheryl liked it was in the auditorium. 10 Tables, 10 Vaccinators, multi-color table cloths, send a
