CALLING ALL RESIDENTS, PROPERTY OWNERS & BUSINESSES!

The primary goal of the Armory Village Revitalization Project is to create welcoming public spaces that will attract business, residents, investment and patrons. **We want people to not only come to Millbury Center, but STAY in Millbury Center!**

As the summer winds down, construction of streetscape improvements within Millbury Center is revving up. Big changes are evident. Installation of new water main and services, sewer main and services, and gas main and services wrapped up earlier this summer. Drainage improvements are underway and new ADA-compliant sidewalks, ramps and driveway aprons are being poured. With the installation of retaining walls, stairs and decorative pavers, the new pedestrian plaza at the Lower Common is taking shape.

If you want to learn more about the improvements we have in store for Millbury Center, construction scheduling, or simply have questions about the Armory Village Revitalization Project, please join us via Zoom Video Conferencing at **7:00 pm on Wednesday, September 23, 2020 for a Public Information Session.** All are welcome.
