RECORDED
TOWN CLERK
2021 MAY 27 AM 8:52
MILLBURY, MASS.

Projects

- Superior roofing has completed 3 of the three projects that were approved by the Task Force. The chimney copper flashing was installed.

The backroom has received its new roof and last Thursday, the gutters were installed. All work has been documented and we learned there was a metal roof underneath that has been removed, although we did save a sample. Some photos attached.

Gutters for backroom were installed 5/27/21

- Mike Lynch has completed irrigation project. Thank you to Dennis for helping defray costs by doing work himself.
- Work has begun on the handicapped ramp. Thank you to Dennis for spearheading and for Jeff and Gary Pothier for helping out. Dennis can give us an update.
- Creedon & Co. came and fixed issues with the tent as for as alignment and also gave us a new ceiling panel and three new sidewall panels and fixed placement of wires for us. Very thankful for the time and the large crew they sent over to take care of our concerns.
- Columns/Portico painting project. The Friends have sent letters to Fidelity, Bank Hometown and DCU acknowledging either a received donation or pledge towards this project. I have reached out to the painting contractors with epoxy experience to get new quotes separating out this project. Everyone's schedule is booking up now and we need to select a contractor to take care of this portion of the painting project. Hope to have quotes prior to meeting.
 - Vote to select quote/contractor
- West Lawn door hinges have been repaired. Thank you Jeff for taking care of this.
- 4th floor drywall-update
- Room C status
- Annual plantings have gone into garden beds. Thanks to the Friends and Brenda for taking care of this.
